The Life Skills class is looking for a couple of used sewing machines as well as volunteers to help out in the afternoon class starting Jan. 5th. If you could help out with either one of these, please call Tami Holm at #724-3677

From the Journalism Class . . .

Did you know that "out-of-school" reading habits of students have shown that even 15 minutes a day of independent reading can expose students to more than a million words of text in a year? (Anderson, Wilson & Fielding, 1988)
Reading is key to being successful in and out of school. Those who read have a better vocabulary. Readers are also shown to have better learning, comprehension, and spelling skills.

"To participate fully in society and the workplace in 2020, citizens will need powerful literacy abilities that until now have been achieved by only a small percentage of the population" (National Council on Teachers of English Standards for the English Language Arts). Parents, encourage your children to read. My fellow schoolmates, read in order to succeed! Madeline Pruett
